## ENGINEERS SOUNDING FOR HIGH LEVEL BRIDGE

All C. and E. Lots in Strathcona Withdrawn and Sales to Extent of \$10,000 Cancelled—Ex-Mayor Davies of Strathcona Informed that Work Will Begin Early

The report was confirmed in the city this afternoon that the Canadian Pacific Railway and the Grand Trunk Pacific Railway have commenced soundings in the Saskatchewan river opposite the proposed Ninth Avenue Crossing, for the purpose of ascertaining the character and nature of the bottom of the river bed there on which the piers of the new bridge will have to rest. Ex-Mayor Davies, of Strathcona, has a letter from William White of the Canadian Pacific in which he states positively that the construction of the bridge will be started in the early spring. The report was current on the street here today that the rough plans of the bridge, showing the nature and location of the piers were already in the city and that tenders would be called for within a week or ten days, but this report, although vouched for by good authority, has not yet been confirmed.

A very significant feature in connection with the report is the fact that the C. & E. has withdrawn all its townsite property in Strathcona from sale and that purchases on which payments to the extent of \$10,000 have been made, but which have not been signed at the head office at

Winnipeg, have been cancelled. Strathcona people feel confident, owing to the fact that G. T. P. engineers are working in conjunction with C. P. R. engineers in the river, that the G. T. P. will come in on the south side of the river and take the Ninth Avenue crossing, using the same bridge as the C. P. R. Strathcona property is reported to have gone up nearly 25 per cent in about as many hours on the strength of the report.

### RED DEER REPORTS

Red Deer, Jan. 12.—(Special to the Bulletin).—Nothing further has been heard of R. Brand. It seems that he sent his knives and cooking outfit on ahead of him and this was what first excited suspicion. A distress warrant was served on his stock of tobacco etc., by Mr. Geo. Beatty. We hear on good authority that W. Postill has bought out the firm of Postill & Patterson and will conduct the business himself in future. The property remains in Mr. Postill's hands. Several dogs have disappeared lately, among them being W. Leslie's fine setter Keno. A coon party was held last night on Michener's hill after which everyone was entertained at Mrs. W. Postill's.

## EXPORT PULP DUTY PROPOSED

Forestry Convention Pass Resolutions Favoring Canadian Forestry Policy

Ottawa, Jan. 12.—J. F. MacKay, at the forestry convention advocated an export duty of one dollar per cord on pulp wood. At present the supply of pulp wood standing in Canada is estimated at about 100,000,000 cords. This would be sufficient to supply Great Britain and Canada with pulp for two centuries. With the export duty and proper regulations it is argued that the supply will be inexhaustible. Senator Edwards opposed the duty.

The Forestry Convention closed this afternoon by suggesting a general forest policy for Canada, adopting the extension of the fire ranging systems to all forest districts, also precautions to prevent fires along the transcontinental railway and with this object in view the railway should be asked to maintain an effective patrol. Forest lands not fit for agriculture should be explored and kept for national forests. The convention resolutions asked for further forest reserves. Resolutions were passed thanking Earl Grey and Sir Wilfrid Laurier for their great assistance.

**FIRE IN STEEL WORKS**  
Grenville, Pa., Jan. 12.—Fire started from an explosion in the works of the Carnegie Steel Company here tonight, entailing a loss of about \$600,000. Two men were burned severely.

### PREFONTAINE'S BODY EMBARK

London, Jan. 12.—A special train conveying the body of the late Hon. Raymond Prefontaine left St. Lazare station yesterday. The coffin was placed on board the torpedo boat Zouave and the band playing the Chopin funeral march, was conveyed to the battleship Dominion lying some distance out in the harbor. All flags on the ships in the harbor were at half mast, and also those on the Arsenal.

### LIBERALS ELECT OFFICERS

There was a good attendance at the annual meeting of the Liberal Association in the Young Liberal club rooms last evening when officers were elected for the coming year. The election resulted as follows: Hon. President, Hon. Frank Oliver, Minister of the Interior; honorary first vice president, Hon. C. W. Cross; honorary second vice president, J. R. Boyle; president, R. J. Boyle; president, R. J. Manson; first vice president, A. E. May; second vice president, J. H. Garfield; third vice president, W. A. Deyl; secretary-treasurer, P. E. Lessard; executive committee, J. Rae, Dr. Roy, J. Kenney, W. M. Haight, J. H. Picard, Dr. Forlin and G. Koorman. The Young Liberal club will also elect six members to the executive. A resolution of regret was passed and will be forwarded to the widow of the late Hon. R. Prefontaine. Resolutions of confidence in the Federal and Provincial Governments were passed. A vote of thanks to the retiring officers was passed. Short speeches were delivered by Hon. C. W. Cross, Duncan Marshall, Dr. Roy, W. Garfield, Dr. Forlin and J. R. Boyle.

President McLeod, of the Young Liberal Club, tendered the Association the use of the rooms for meetings.

## NEW EDMONTON WHOLESALE HOUSE

Arthur Congdon of Winnipeg Will Open Wholesale Boot and Shoe Business Here

Mr. Arthur Congdon, wholesale boot and shoe dealer, Winnipeg, who has been in the city for the past few days, with a view to locating a branch of his business in Edmonton, has purchased lots 175, 176, Block 2, H. S. R. This property is on Third street, on the opposite corner from the A. McDonald warehouse. Mr. Congdon has plans prepared for the erection of a temporary warehouse, which he expects to have erected and filled with a stock of goods by April 1. This temporary building he will utilize until he can build a permanent structure during the summer. Mr. Congdon is one of the leading boot and shoe dealers in the west, and has wholesale establishments in Calgary as well as Winnipeg. He has every faith in the future of Edmonton, and although the price of the property in the locality where he purchased is very high, he had no hesitation in securing one of the best wholesale sites in the city. Mr. Congdon leaves this afternoon for his home in Winnipeg.

### COLLEGE LITERARY MEETING

The literary society of Alberta college held its first evening in the assembly hall. There was a large attendance, and the following program was rendered: Piano duet, Misses Hattrick and Hensley. Report of the secretary and treasurer.

Debate, "Resolved that the influence of the preacher is greater than the influence of the school teacher." Piano solo, Miss MacRae. Reading, Miss McDonald. Judge's report and critic's report. The affirmative in the debate was taken by Messrs. W. Smith and J. H. Gibson, and the negative by Messrs. C. M. Tait and W. Bradley. The decision was given in favor of the negative. The judges were Rev. A. M. MacDonald, Prof. Rice, and Dr. Smith. The debaters spoke for an hour and their addresses were very clever. The critic, Dr. Nichols, gave a splendid report. After the meeting a good deal of amusement was furnished by the initiation of several new students, who have come to the college since the Christmas holidays. They were made to ride the goat in fine style and were requested to make solemn covenants as to their future life in the college.

**MONTREAL HOTEL FIRE**  
Montreal, Jan. 13. (Special to the Bulletin).—A bad fire broke out in the Windsor hotel at an early hour this morning doing a total damage estimated at \$200,000.

**BANK RECOVERED LARGE SUM**  
Toronto, Jan. 12.—An official statement today shows that Teller Bank well took \$40,500 from the Crown Bank. He sent \$1,000 to his mother which was handed to the bank, spent \$1,000 and the detective seized the balance.

**REVOLUTIONISTS ARRESTED**  
Warsaw, Jan. 2.—The members of the executive committee of the fighting organization of local revolutionaries were arrested. At their headquarters the police discovered a secret printing press and a number of death sentences prepared for issuance by the revolutionary tribunal. All the persons arrested were Jews or Jewesses.

## DAMAGES AGAINST SALOON MEN

Chicago Jury Returns a Verdict which May Sustain Many Suits

Chicago, Jan. 12.—Damages for \$17,500 were awarded by a jury yesterday to children of a drunken father for redress against the saloon keepers alleged to have made a drunkard of him. The verdict establishes a precedent which will result in the instituting of many similar suits.

### THE LIBERALS ELECTED BY ACCLAMATION

London, Jan. 12.—The general elections opened this morning and by 10 o'clock the name of the first member of the new Parliament was announced. Sir Christopher Furness (Liberal) by being returned for Hartlepool. Sir Christopher was not opposed. Later the score was evened by the unopposed reelection of Justin Taylor for East Dorset. In the course of the day two more Liberals were elected without contest.

### ARTILLERY SHELLED SEMINARY

Tiflis, Caucasus, Jan. 12.—Nearly 350 persons were killed or injured as the outcome of an attack made by the Cossacks yesterday on the Armenian seminary here, following the throwing of two bombs from that institution at a passing patrol. Four Cossacks were wounded and a boy was killed by the explosion of the bombs. Artillery was immediately called and the seminary was surrounded and shelled. The building soon burst into flames, and the bombs and cartridges stored there exploded. Thirty-three persons perished during the conflagration, while 600 were injured by the fire or wounded by shells. The troops consequently shelled another Armenian house, where bombs and weapons were hidden and killed eight revolutionists.

## GAS IS DISCOVERED WITHIN CITY LIMITS

Edmonton Gas and Oil Co. Encounters Flow in their Well on Kinistino Avenue—Hole Down 1460 Ft

After an expenditure of nearly \$25,000 the Western Gas and Oil Company has struck gas in their workings in the east end of the city between Kinistino and Boundary streets near Jasper avenue extension and today are happily looking forward to possibly large profits in natural gas in the near future.

As the flow was only struck yesterday it is early yet to say what it amounts to, but it was burning in the kitchen stove down at the well last night and there was sufficient pressure to serve all purposes as fuel gas. The quality of the gas is not yet determined, but as the gases found at London to the south and Athabasca Landing to the north, in which range or zone Edmonton lies, are entirely free from sulphur, there is no reason to doubt that the same gas here will be of the same quality.

The gas was struck at a depth of 1,450 feet, and is found in a strata of sandstone, which underlies a streak of soft buronian shale. In going through the shale which was very soft and caved badly giving the drillers all kinds of trouble, there were indications of gas and the day before yesterday when the drillers got through the shale and into the sandstone a regular flow of gas was encountered. Yesterday as they worked into the sandstone the flow increased. Today there is nothing doing at the well as the drillers want to put down some more casing and do not care to commence the job, which may be several shifts of continuous work, until after Sunday.

W. C. Ginter, the driller, believes that the gas is working through crevices

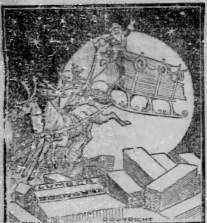

in the sandstone from a reservoir below and he feels confident that when they get through the present strata a heavy and regular flow will be struck.

The pressure of the flow is over 250 lbs., and has grown considerably stronger since yesterday. The gas is singularly free from foreign substances and produces a splendid white light. Connections were made with the boiler today and with a small volume of gas admitted to the furnace the steam pressure was easily maintained at 100 lbs.

The North Western Gas and Oil Company have been prospecting for gas in this vicinity for over two years. The first hole started was on the flat, just east of the exhibition grounds. The early work was under John Dingman, but Mr. Dingman met with little success and early last summer W. C. Ginter, a driller of wide experience, came here from Pennsylvania, and took charge of the work. Mr. Ginter punched the hole on the flat down to about 800 feet but found only a few pockets of gas. Last fall he commenced operations on the site east of Kinistino, and has worked continuously there ever since. Some very bad ground was encountered, so soft in some places that it caved continuously, and the methods which Mr. Ginter used to sink his casing showed remarkable ingenuity and a thorough knowledge of the business.

The North Western Oil & Coal Company's stock is held almost exclusively in Edmonton, there being about 40 individual stock holders in this city. No stock is being offered for sale this morning.

This afternoon a party of stock holders under the guidance of T. A. Stevens will visit the property to see what they have there.

When looking over your market accounts do you realize how much of what you pay for is wasted?

Often the bits that you usually throw out because you cannot serve them as they are, can be transformed into delicious, toothsome dishes with the help of a little BOVRIL. Here's a dainty Luncheon Dish from the remnants of roast mutton:

MUTTON FRITTERS.  
Finger-shaped slices of cooked mutton should be coated with a little salad oil and vinegar and left awhile, then spread lightly with Bovril, coated with thick frying batter, and cooked a nice brown in hot fat. A little grated cheese put on the meat is a further improvement. Drain well and serve very hot.

Bovril is prepared only by BOVRIL LIMITED, LONDON, ENG., and MONTREAL, CANADA. By special appointment Purveyors to His Majesty King Edward VII. Save Coupon over neck of Bottle and get Beautiful Premium Picture.

## LOCAL

A separate lot of two silver gray fox skins was put up by Capt. Shott, and realized \$301.00.

Another lot of furs was put up today, by Enile, son of Capt. Shott. Lac la Biche, which netted \$1,101.35. Going to J. Henderson Co.

H. A. Dunn, of the Fairchild Company, Calgary, is in the city today. He has been arranging for the opening of a string of agencies for his company along the C. N. R. line.

C. C. Macdonald, Winnipeg, western manager for the United Cream Separator Company is in the city arranging for the handling of his goods here. The Great West Implement Company will probably take the agency.

Capt. Shott of Lac la Biche put his collection of fine furs to the highest bidder today. In this lot were several fine silver gray fox skins. The bids were: Ullman & Co. \$1,253.41; McMillan Fur Co. \$1,175.00; J. Henderson, \$1,113.00; McDougall & Co., \$1,112.00; Hudson's Bay Co. \$1,046.00.

Mr. H. F. Sandeman, Strathcona, agent for the C. & E. T. Towstie Co., received a despatch Thursday from headquarters withdrawing the company's lots in Strathcona from sale until further notice. Mr. Sandeman believes that this withdrawal is simply to allow time for a complete change in prices and that the new list will be forthcoming at once.

The young men's committee in connection with the Y.M.C.A. has appointed Mr. Wm. M. Leonard as collector of the subscriptions for the young men of the city to pay for the site purchased by them for the erection of an association building. Meantime the provisional directors have not been able, and it is understood that an announcement will soon be made of the securing of a secretary from eastern Canada, to oversee the erection of the building and lay the foundation of future work.

On January 10 the Battleford Herald reproduced the following item from its issue of January 10, 1881: "Westward the tide of Empire," etc., and so with the printing press. The last western mail brought from Edmonton three numbers of "The Bulletin," a small weekly newspaper just established there by Messrs. Taylor & Oliver. While the principal design of the publishers is to supply a synopsis of telegraphic news from the outer world, its columns contain much that is of local interest; and it also indulges in some sharp criticisms on outside matters. The Bulletin has got between us and the setting sun, yet we wish it all success.

## MICHIGAN COPPER MINE FIRE.

Catmet, Mich., Jan. 12.—The Tamarack copper mine, the deepest in the world, is on fire and three miners, it is thought, met death half a mile below the earth's surface. Shaft No. 2, where the fire was discovered, has been sealed at the surface with heavy timber and tamped with clay to shut off the air. It may become necessary to close shaft No. 2 to smother the flame. The mine contains several million feet of lumber largely pine, and unless the access of air is completely shut off the property may be damaged to a large extent.

## FUR EXPORT WILL REACH LARGE FIGURE

Information Received From the North Indicates an Unusually Large Catch for Present Season

The mail from the north which arrived by Hudson's Bay carriers, on Thursday brings word from Fort Resolution and intermediate posts, that the fur catch this winter on Great Slave Lake, Slave River, Athabasca Lake and Athabasca River promises to be the largest over taken in the history of the north country.

The mail received is what is known as the Hudson's Bay packet and is not designed to serve the Mackenzie river country or anything beyond Resolution. Fort Simpson, Fort Good Hope, Fort McPherson and all that enormous area from Great Slave Lake to the Arctic ocean, will not be heard from until the Government mail arrives in March.

The country which the H. B. mail covers, however, is a very important area and the returns from there may be taken as indicative of what may be expected from the entire north. Counting from Edmonton north, the posts heard from with their dispatches from this city are Athabasca Landing, 98 miles; Grand Rapids, 265 miles; Fort McMurray, 362 miles; Chipewyan, 382 miles; Fort Smith, 678 miles, and Resolution 858 miles.

Hyslop & Nagel, the Edmonton fur traders, who sold \$101,000 worth of fur last year and who are doing a large business in the north, heard from all their posts between Resolution and this city.

The mail left Fort Resolution on the morning of December 11th and reached Edmonton on the evening of January 10th, taking just exactly a calendar month to travel the 858 miles.

The reports from all the posts are exactly the same. The rabbits are plentiful every where and on the supply of rabbits, of course, depends largely the fur business. The rabbits have been increasing for the past few years and the Indians count that this is the big year in the cycle. When the rabbits are plentiful the lynx, foxes, wolves, mink, martin and all the fur bearing animals who thrive on the unfortunate bunny are also plentiful, and continue so until the rabbits die off.

This is the condition that exists in the north this winter, and added to the plenty of rabbits the reports state that the winter up to the time that the mail left, had been an unusually mild one, affording the trappers every opportunity to make a record catch.

No particulars were sent in from any of the posts as to what the catches were to date, but as the furs do not really begin to come in until after Christmas such statistics would not be of much use anyway.

Hay River past beyond Resolution on Great Slave Lake, and Providence the first post, going down, was also reported in the letter received, although not heard from direct. These two are of particular importance as last year, while the catch in general was fairly good the martin catch was nil. At Providence last winter, only one martin was secured and at Hay River only two. Lynx were plentiful at both places. The reports by mail the other day are that mink are plentiful at both places and lynx are scarce.

The lynx live on the martin and there is a theory among the fur traders that the lynx migrate cross country, moving in enormous droves and chasing the martin out wherever they go. The migration which was at Hay River and Providence last winter was away up at Fort Enterprise and the headquarters of the Confederation the year before and is due to show up somewhere down along the Peace or Athabasca this winter.

From points nearer home, such as Athabasca Landing on the north, Jasper on the west and Vermilion down the river to the east, the amount of fur that is coming in is reported to be astonishingly large and some very valuable pelts are being secured.

In the city the local fur buyers report that they are taking in unusually large quantities of fur. All the reports from London regarding prices are of a bearish nature. The Russian war and the Franco-German war have made the European market very shaky and the buyers are all looking apprehensively forward to the Thompson sales on the 25th to set a price. In the meantime there is a wide range in the prices paid for the furs offering in the city.

All things considered the indications are that the fur exports from Edmonton for 1905 will be about the largest ever made, although the price may be low. It has never been known just what the total shipments from here are, as there are so many shipping to so many places, but estimating the northern catch as greater than last year and the local catch at what it is now, will, informed fur men say that it certainly will not be less than half a million and should crowd close to the million mark.

I will say to the public in general I am now ready to treat any and all kinds of diseases, and I defy any one to bring anything to my office that I cannot relieve and cure if my advice is strictly complied with, providing it is a possible curable case. It matters not of how long standing or how hopeless the case may seem; these cases are preferred. All I ask is to have you give me a chance to substantiate my assertions. I also have bathing facilities for the public.

## For Family Colds

A reliable cough and cold cure should be always in the house ready for use the moment the first symptoms appear. It is always easier, cheaper and better to check a cold in the very beginning. It is safer, too.

Shilo's Consumption Cure, the Lung Tonic, has been tested for thirty-three years, and tens of thousands of homes in Canada and the United States to-day are never without it.

A dealer writes: "Shilo's Consumption Cure is without doubt the best remedy for Coughs and Colds on the market. Once used, my customers will buy no other."—L. Elder, Nanaimo, B.C. If it were anything but the best would this be so? Try it in your own family. If it does not cure, you get back all your money. We take all the chances. Neither you nor your dealer can lose. Isn't that fair? 25c. is the price. All dealers in medicine sell.

## Pharaoh Cigar.

As soon as it arrives at my factory I place it in humidors built for the purpose. The tobacco is kept here for from two to three years at a temperature and humidity which as nearly as possible correspond with the climatic conditions of the Island of Cuba. This treatment thoroughly matures the leaf, removes the injurious "gum," and develops the rich flavor of the tobacco.

This is one reason why my Pharaoh cigar has so delightful an aroma, and leaves a pleasant taste in the mouth. I carefully watch every step taken in the production of my Pharaoh cigar so I secure a steady, even combustion and a cool, sweet smoke.

## CURRENT COMMENT

And the shrill voice of the Edmonton's embryonic hockeyist declares that "R-R-R-Revenge is sweet."

At the current rate of one per day the visible supply of Russian prefects of police should furnish targets for several years.

The position seems to be that if the revolutionists behave themselves the Russian Parliament may meet in April; otherwise said Parliament may meet in jail.

Having learned that several Grit voters found their way through the disfranchising features of his election, set Premier Roblin still forthwith stop the gaps with another amendment.

Toronto voted down license reduction and elected a woman to the school board. Yet so courteous is the Toronto press that no scribbling Solon has suggested that the electors were consistent in so doing.

The Ontario Legislature and the Federal Parliament will be in session at the same time, and the Toronto News is afraid its vision will be dangerous trying to keep an eye on each. There being a limit to visual perversion the fear is groundless.

The Calgary Herald avers that "If you have not sent copies of the Herald's 'Pictorial Calgary' to your friends, you have failed in your duty to the city," and, it should be added, if you did not cut out the preface you have failed in your duty to respectability and "gold-bricked" your friends.

A despatch emanating in Calgary announces that "The prize fight between Nelson of Dakota and 'Woody' Watson of Michigan held here last night resulted in Nelson winning, being in the fourteenth round, being knocked senseless." This novel manner of winning a mix-up should establish a new school of "pugs."

Cincinnati, Ohio, Jan. 9.—Miss Anna Hill, who has become famous because of her advocacy of the "painless death" for persons helpless in the grasp of old age, and for those suffering from an incurable disease, or injuries that mean death after a period of excruciating pain, has evolved a scheme for putting her ideas into operation. She advocates a plan of having appointed a board of physicians of not less than 15 years' practice, to act as intermediaries between life and death.

Philadelphia, Pa., Jan. 9.—The proposal was made here today by Miss L. Graham Crozier, to chloroform all children of the hopelessly poor in the slums of the great cities. The proposal was made during the course of a lecture on sociology.

The ladies should extend their charitable intentions to the lunatic and volunteer themselves as the first examples of the beneficent results of the practice they propose.

## CURLING

Only one game was played last night in the cup competition between the rinks skippered by J. L. Studholme and A. C. Carmichael, and resulted as follows:

C. Raeo, J. Wilson, A. E. Jackson, J. L. Studholme, skip, 13. J. Thompson, A. E. Potter, J. Whitelaw, A. C. Carmichael, skip, 7.

Tonight's games are:  
May vs. Wize, Secord vs. Matz, McDonald vs. Kinnaird.

The draw for Monday night:  
Lauder vs. Mercer, McDonald vs. Goode, Campbell vs. Thom.

Edmonton curlers met defeat in West last night in the District medal competition. The teams playing follows:

Edmonton—McLean, Moore, Williamson, (Calbraith, skip, 17).  
West—Wetaskiwin—Binning, Wilkins, Walker, (Gaffer, skip, 13).  
Edmonton—Paskall, McLeod, Dunlop, (Bacon, skip, 10—27).

Wetaskiwin—Benson, Ferris, Jex, (Garrison, skip, 17—30).

The curlers from here were accompanied by Mr. J. McDonald, official named by the District. The final umpire for this competition will be played between the "Victorias" Wetaskiwin curlers, and Saratoga on Edmonton ice on the evening of January 22nd at the event of the bonspiel here. The Edmonton curlers are loud in their praises of the hospitality of their Westaskiwin competitors.

## ANNOUNCEMENT

Land and Business Exchange,  
Edmonton, Alberta, Canada

TOWNSHIP 48.

All 31-48-14. This section is nearly all open land, soil of black loam, clay subsoil, the G. T. P. survey runs within half a mile, \$9.00 per acre.

TOWNSHIP 49.

All of 19-49-13. Surface slightly rolling, nearly all open land. Since the rise in C. P. R. land this is exceptionally good value at \$8.00 per acre.

N. 1/2 35-49-19. About half of this land is open, balance has some small brush; very rich black soil, ten acres of meadow on the north-east corner, \$9.00 per acre, \$12.00 cash, balance equal annual payments.

All of 27-49-18. Some brush and small poplar groves, surface nearly level sloping slightly to a draw on each side, soil deep black loam covered with a heavy growth of grass. This would make a splendid farm, can sell separately east or west half, \$9.00 per acre, easy terms.

TOWNSHIP 50.

E. 1/2 36-50-21. Surface slightly rolling. Some brush. Log house and two miles of wire fencing, \$7.00 per acre, easy terms.

Fracs. 33-50-18, 545 acres. This beautiful section fronts on the south end of Beaver Lake. The G. T. P. survey runs within two miles of this land. Surface nearly level, soil deep black loam, with clay subsoil. Some small brush but nearly all clear. This is one of the finest sections of wild land for sale in Alberta, \$11.00 per acre, \$2.00 cash, balance equal annual payments.

TOWNSHIP 51.

S. 1/2 12-51-13. 320 acres, good soil, \$2.00, half cash, balance easy terms.

N. E. 1/4 15-51-25. This is a good quarter section for any party wanting an improved farm. 62 acres under cultivation, small log house and stable. The quarter all fenced with wire. Three miles from C. P. R. station, half a mile from school, 3/4 of a mile from church. The soil is good, before a deep black loam, clay subsoil, \$2.50 with cash payment of \$950 and \$100 a year until paid.

W. 1/2 15-51-15. This is a beautiful half section, surface slightly rolling, some brush and poplar groves, about 70 acres hay meadow, soil very rich deep black loam, clay subsoil, \$9.00 per acre, one third cash, balance one and two years.

TOWNSHIP 52.

W. 1/2 16-52-13. Mostly level, soil deep black loam, clay subsoil, nearly all open land, 15 acres broken this year. This is a choice piece of land well located one and a half miles from C. & N. station, \$9.00 per acre, half cash.

E. 1/2 and S. 1/2 W. 1/4 32-52-13, 480 acres. Slightly rolling, soil deep black loam, with a heavy growth of pea vine and vetch, very little brush, \$8.00 per acre, half cash. River lot 27 of the Edmonton Settlement, 758 acres, joining the Saskatchewan River. This is an improved farm house and a half mile from Edmonton. 75 acres broken; frame house of six rooms, good stable and granary, with plenty of coal in the river bank. This farm will some day divide up for market gardens. Offered today at \$100.00 per acre, \$10.00 cash, balance on a mortgage at 8 per cent.

TOWNSHIP 53.

Fracs. S. 1/2 28-53-23, 198 acres, surface slightly rolling, soil black loam, 4 to 9 feet deep, with clay subsoil, 100 acres cultivated, Log house 18x28, 1 1/2 stories high, small log barn. For a man wanting an improved farm this is one of the finest that is offered. \$30 per acre, \$4000 cash, balance 1 and 2 years.

N. W. 1/4 18-53-21. Surface slightly rolling, soil a deep black loam with a clay subsoil, good value \$12.00 an acre, half cash, balance 6 and 12 months.

E. 1/2 23-53-22, an improved farm 7 miles from Fort Saskatchewan, surface slopes slightly to the creek, running across the half section, soil deep black; clay subsoil, 80 acres under cultivation, all fenced with wire, tamarac posts, one mile from school, telephone and church. This is a good buy, \$19.50 per acre, \$2500 cash, balance to suit purchaser.

All of 8-53-15. Surface slightly rolling, soil black loam, clay subsoil, a creek runs across the east half of this section, water the year round; this is a fine section, and well located, one half mile from railroad siding; \$8.00 per acre, \$2300 cash, balance annual payments.

W. 1/2 9-53-15. Slightly rolling, and nearly all open land, one and a half miles from C. & N.R. siding; \$8.00 per acre, \$1500 cash, balance mortgage for four years with option of paying at any time.

S. E. 1/4 12-53-19. Surface slightly rolling, soil black loam, clay subsoil, 75 acres under cultivation, log house 18x24, two stories, kitchen, 12x18, barn and stables, two

good wells of water, and a creek running across one corner. This is a good property for a man wanting an improved farm. Would sell sheep, cattle and horses with the farm. This farm without stock \$3000, half cash, balance two equal annual payments.

TOWNSHIP 54.

E. 1/2 21-54-16. This half section was picked out some years ago. The soil and location is the best. \$9 per acre, easy terms.

W. 1/2 3-54-25. Almost level, soil of black loam with very little brush, could all be cultivated, but about twenty acres of meadow in one corner. Half a mile from the post office and store. This is a splendid farm and is offered cheap at \$11.00 an acre, \$1000 cash, balance easy terms.

S. 1/2 31-54-15. Good half section near store and school, \$6.00 per acre, \$800 cash, balance easy terms.

TOWNSHIP 55.

W. 1/2 7-55-25. Surface slightly rolling, soil of black loam, with a clay subsoil. This is an extra good half section 160 acres and stock, \$10.00 an acre, half cash, balance yearly payments.

S. 1-2 and N.W. 1/4 17-55-25. 480 acres, all fenced with wire and rails, 220 acres under cultivation, four miles from Mochville, a town on the C. N. R., \$17.00 per acre.

N. E. 1-4 31-55-22, and S. 1/2 and N. W. 1-4 35-55-22, 240 acres all fenced with wire, six miles from Fort Saskatchewan, half a mile from school, \$9.00 per acre, easy terms.

TOWNSHIP 56.

N. W. 1-4 8-56-22. Surface slightly rolling, soil black loam, clay subsoil, 70 acres under cultivation and fenced, about 50 acres of timber. This whole quarter can be cultivated with very little work, has frame house 16x20 one story and a half high, \$15.50 per acre, \$1500 cash, balance, mortgage for two years.

N. E. 1-4 10-56-26. This is a fine improved farm, surface slightly rolling, black loam soil, and clay subsoil. Log house 24x30 storey and a half; granary 20x30 hewed log, all fenced with wire, in a good locality. This farm is being offered for \$2000, and is one of the best buys today.

S. E. 1-4 6-56-23. Locality good, surface slightly rolling, soil a deep black loam, clay subsoil, two miles from school, post office and store, \$7.50 per acre, \$240 cash, balance etc. equal annual payments at 7 per cent interest.

### STRATHCONA NEWS IN CONDENSED FORM

Items of Lively Interest in the City  
on the Sunny Side of the River

Mr. Gagner, late of Grand Falls, Montana, came into town a few days ago, and has been busy looking up a desirable section that he may locate. He proposed going to the Pembina in the early spring and re-investing in that section the proceeds of the sale of his farm south of the 49th.

Mr. Simpson, of Suffolk, Eng., and late of Winnipeg, came in over the C. N. R. a few days ago. He left there when a fierce blizzard was raging, and finds the change to sunny Alberta, a very congenial one. He purposes becoming a citizen of Edmonton.

Mr. Etzell who has been in town for some weeks has located twelve miles south of Vegreville and is exceedingly well pleased with the settlers prospects in that vicinity. He is from Montana.

Mr. P. Rone, guide, etc., Lesser Slave Lake, is in town again. He is waiting for his son, who has been working for the C. P. R., that they may return west together.

Real estate in our town is eagerly sought after just now. Many lots have changed hands of late. One firm alone sold over one hundred lots in one day. What is the matter with Strathcona?

Mr. Grant, farmer, located west of Waskish, was in town yesterday. He, too, is heavily interested in real estate here.

Mr. Bates, of D. Brien's lumber staff, who has been for some time sick with scarlet fever, is now recovering.

Strathcona markets—Wheat 62c; oats 23c; barley 28c; bran 17c; shorts 28c; potatoes 50c; hogs 5c; beef 2 1-2c.

1 Mr. and Mrs. Besant and family, of Winnipeg, are visiting at Mr. Banford's. Mr. Besant has not been well of late and has come west to recuperate.

Mr. G. Johnson, victim of the Northwest Boarding House fire, is able to be on the street, but one arm is powerless.

### THE ALBERTA NORMAL.

(Calgary Herald)

The upper floor of the Central school building will for the next four months be occupied by the teachers who are here for Normal training. The number of pupils attending is much smaller than was anticipated. A number who have obtained admission cards have failed to put in an appearance so far. A great majority of the teachers are ladies, and regarding their non-attendance Inspector Bryan humorously remarked on account of their sex they are entitled to change their minds if they so desired.

The teachers come from all provinces of the Dominion, from as far east as Prince Edward Island and nearly all points intervening.

Those attending are all first and second class teachers. No third class have put in an appearance so far. No doubt some of them will attend during the term, as they are only required to put in a ten weeks' course, which they can do any time during the four months. There are very few third class teachers in the west, though, so in any event the attendance will not be large.

### ANOTHER ROAD FOR EDMONTON

A new line of the C. P. R. from Winnipeg to Edmonton will be commenced next year as a result of the entry of the C. N. R. Such is the of a statement made by Vice-President Whyte, who is in Montreal conferring with President Shaughnessy, regarding western extensions during the year. The new extension will give the C. P. R. a direct route from Winnipeg to Wetaskiwin on the Edmonton and Calgary line, opening up the country not touched by any other road. Mr. Whyte stated that this year the C. P. R. would spend from six to seven millions on construction in the west.

The Calgary and Edmonton line, terminating at Strathcona, is to be carried through to Edmonton and a bridge built across the river for that purpose. The cost, with two miles of additional track necessary, will be about \$2,000,000.

For construction the company will utilize the Manitoba and Northwestern line now completed as far as Shoho, sixty miles west of Yorkton. This leaves about 500 miles to be constructed. No time will be lost in pushing forward the work on the line, which is expected to be in operation before 1907.

### EX-M. P. DEAD

Seymour E. Gourley, the former member for Colechester in the House of Commons, died at his home in Truro, N.S., last week. He had not been in good health since the general elections in 1904, when he was defeated by T. A. Laurence, having suffered from cirrhosis of the liver. About a year ago he went to New York, and was under specialists' treatment. Some months ago he returned to Truro improved, but the disease was merely temporarily cured. He gradually failed. Three weeks ago his mind became affected, and he had to be removed to the Hospital of the Insane at Dartmouth. He was subsequently removed to Victoria General Hospital in Halifax, the best medical attendance being provided through the kindness of a political opponent. This action greatly affected Mr. Gourley. He seemed to recover rapidly; indeed, he became so well that he insisted on going to his home in Truro.

### WINNIPEG MARKETS

(From the Commercial)

Wheat—Manitoba wheat has been quiet and dull, and in our market shows an advance of about 1c to 1 1/4 cents over a week ago. Prices today are 1 northern, 75 1/8c; 2 northern 73 1/4c; 3 northern, 71c; spot of January delivery; and on the option market futures closed: January 75 5/8c; February 76 3/4c; May 80 1/8c. All prices are for in store Fort William and Port Arthur.

Oats—No. 1 oats, 32c; No. 2 oats, 31c per bushel in carlots on track Winnipeg.

Barley—No. 3, 38c; per bushel; No. 4, 36c per bushel, carlots on track here.

A western book of considerable interest is Captain Denny's history of the North West Mounted Police, just published under the title of the "Riders of the Plains." Captain Denny, as a member of the first party of Mounted Police sent into the West, was either an eye-witness or a participant in the exciting events of the early seventies, and the days of the buffalo, the whistling key traders and the Indians. His descriptions of Indian troubles, the hardships of pioneering, the Cypress Hills massacre, the arrival of Sitting Bull, the famine among the Blackfeet, etc., are graphic and interesting. "The Riders of the Plains" is illustrated from original photographs of great rarity. It is printed on heavy paper, contains over two hundred pages, and is published at \$1.00 by the Herald Co. of Calgary.

## SPORTS

### HOCKEY

In the game of Thursday night Edmonton hockeyists showed that they can put up a very good line of senior hockey. But the game was not particularly noted for fast combination play. On the contrary it was marked by the very brilliant individual plays of the Edmonton stick-handlers. There was practically no team play on the Edmonton side. While individual playing is all right in its way, it is not the kind of article that is wanted at this particular stage of the game. Strathcona never ceases to play swift combination and there is hardly a weak spot in their team.

But the Thistles have a line-up now that will make it interesting for the other fellows. Before Thursday's game they had practically no practice together while the team from across the river had been fully organized and have been practicing two or three times a week, and there is good reason to believe that the Peterson cup will find a resting-place in Edmonton at the end of the season. But if it is up to the Thistles to win the game in Strathcona next week. If they do this and win the return match the following week on the home ice, the trophy is theirs. But if they fail to trim the Strathconas next week, but win the following game, then the exciting time will be at the last match, which will be played across the river.

The addition of Lane and Powers to the team has made all the difference in the world. The Strathconas forwards had hard work to get past Lane, Kent and McArthur for once, found their brilliant rushes went for naught. Art Powers is all over the ice at once, and if he is not handling the puck he is checking hard.

Arnold Johnston is a man that plays Stanley cup hockey. He plays for the puck at all times, and although rather light, is swift on his feet.

### WRESTLING

Forty-four dollars was the price Jack Curran had to pay Blatchford and Raemer last night for their ability to do step-a fall, and he lost money on the goods, the house being too small to pay expenses. Blatchford stayed 18 minutes on the first fall, Raemer stayed nine minutes, and Blatchford stayed 17 minutes on his second fall.

Previous to the match a new wrestling man who announced himself as Jim White, of Iowa, stage name "The Little Star," stepped before the footlights and announced that he was ready to meet the winner for \$200 or any part of it, the challenge to be accepted before Tuesday. White is matched to wrestle in Winnipeg in two weeks. Curran stated that if he won, as he hoped to, that he would accept any challenge from anyone, but he would not state definitely, at the commencement of a hard match, that he would be ready to wrestle on Wednesday next, as the notice was very short. Curran and White are today trying to arrange a match.

The wrestling match last night was not well attended, not over 150 people being in the house.

The match, however, was one of the best ever seen in the city. Blatchford came onto the mat first, at 9 o'clock, and it was evident before they had been going three minutes that Curran had a handful to get away with him. Blatchford has been training quietly every day and his work last night showed the result. He was on the defensive from the first minute of the game, contenting himself to let Curran do the work, and the way that he worked out of some tight places was a whole show by itself. Blatchford just kept the Montana man working away and as fast as Curran would get a hold, the Edmonton boy would put all his strength into a supreme effort and straighten out, breaking away every time. Finally Curran got a hammer-lock and crotch hold and, although Blatchford put up an awful struggle he had to go. Time, 18 minutes.

Raemer's nine minutes were hardly so interesting. Raemer has good strength and is quick enough, but he lacks the practice and experience to make a really exciting game. On one occasion last night he had a hold on Curran which another more experienced man might have turned to a winner, but he apparently was afraid to quit the defensive and take a chance. He went down on a half-Nelson and body hold.

Blatchford's second fall was the most exciting event of the evening. Everyone expected to see him too tired to go far on the second turn, and as the timekeepers called off the minutes the excitement continued to grow. Blatchford surprised everyone in the house by staying 17 minutes, during which time he took several long chances on the offensive and furnished a fast and exciting exhibition of wrestling. When he finally went, with a headlock and arm hold, he died fighting, the referee standing over them for nearly two minutes waiting for the touch.

TENDERS for the following portions of the Estate of the late William H. Hooper will be received at the Bank of Montreal, Edmonton, by E. C. Farde, Esq., manager of the Royal Trust Company, Administrators for the Estate of the said William H. Hooper, up to noon on Monday, the 15th day of January, 1905.

1. The Southwest Quarter of Section 4 in Township 56, Range 23 west of the 5th Meridian in the Province of Alberta containing by admeasurement 100 acres or less.

2. An undivided one-half interest of, in and to River Lots numbered twenty-five (25) and twenty-five "A" (25A) in the Edmonton Settlement in the District of Alberta, in the North-West Territories of Canada, as shown upon a map or plan of the said Settlement signed by Andrew Russell for the Surveyor-General of Dominion Land, dated 25th day of May, 1883, and entered in the Department of the Interior containing by admeasurement two hundred and twenty and eighty one hundredths (229.81/100) acres, more or less; containing three-quarters (3/4) acres, more or less, and more particularly described in Certificate of Title No. "K," and situated in the valley bank facing the valleys of the North Saskatchewan River and a certain Creek which flows into said River, said first mentioned corner being about three hundred feet from the junction at the westerly corner of said River Lot of said Creek and River and fifty feet from the point on the Bank facing said River where a coal mine has been opened; thence following the line of said coal outcrop along said solid bank in a northerly direction parallel to said River one hundred (100) yards; thence easterly on a line parallel to the valley bank facing said Creek one hundred (100) yards; thence southerly on a line parallel to the first mentioned line one hundred (100) yards; thence westerly one hundred (100) yards to the place of beginning, containing by admeasurement two (2) acres, more or less; together with the right of raising an air shaft on said two (2) acres, for the ventilation of said mine; together with the right of way from the coal mines opened in, upon or under said two acres, to the said River, to the said Creek, and to the travelled roads or trails.

TENDERS must be accompanied by a marked check for ten (10) per cent. of the purchase price, balance to be paid thirty days thereafter, the highest or any tender not necessarily accepted. For further particulars apply to E. C. Farde, Esq., manager of The Royal Trust Company or Messrs. Brown, Dawson, Kennedy & Tyndeman, Solicitors for the Royal Trust Company.

## LOCAL

—There will be no meeting of the Young Men's Union tomorrow evening.

—There was a heavy fall of snow last night making sleighing fairly good.

—There was a large crowd at the rink last night, the ice being in fine condition.

—Pastor McDonald's subject at the Baptist church tomorrow evening will be "Invested talents."

—The subject of Rev. C. H. Huestis' sermon at McDougall church tomorrow evening will be "Where God comes into Religion."

—John S. Laidlaw of Chicago, arrived in the city Thursday. Mr. Laidlaw is associated with Bernard M. Storch, physical specialist, from Chicago.

—Miss Jenn Warwick, manager of the Yvett Co., Calgary, arrived in the city on Thursday. Miss Warwick will probably open a branch office in Edmonton.

—The continuous demand for copies of the ordinances now in force in the province has exhausted the supply and the Government has decided to issue an edition of office copies of consolidated ordinances.

—The second annual masquerade ball of the Knights and Ladies of the Maccabees will take place on February 14 at Robertson's hall. Clark's orchestra will furnish music. Merchants of the city are offering prizes for competition.

—An open meeting of the Young Men's Liberal Club will be held in the club rooms over Johnstone Walker's store on Monday evening at 8 o'clock. A good literary and musical program has been prepared. All are invited.

—The Canadian Bank of Commerce will establish a branch at Strathcona on Monday next, the 15th inst. in the premises now occupied by the Bank of Nova Scotia. Mr. T. M. Turnbull, manager of the local branch, will supervise the opening of the Strathcona branch, until the arrival of the manager, who will shortly assume the duties.

—Calgary, Alberta: The business men of Edmonton have acted in a most liberal and commendable spirit in supporting Calgary for the next Dominion fair to be held in Western Canada. Though Edmonton does not seem to have been a candidate for the honor, yet to support Calgary for anything is something which though not unprecedented, is very unusual on the part of the northern city. There are many indications that senseless rivalry between Edmonton and Calgary is past. Both cities seem to be fairly well disposed towards the other, but each is most suspicious of the other.

—A deputation composed of Messrs. R. J. Hutchings, president of the Calgary board of trade, Judge MacGulre of Prince Albert, Wm. Short, of Edmonton, and Mr. Mytton, president of the Regina board of trade, will in the near future wait upon Hon. C. W. Cross, attorney-general for Alberta, regarding law amendments in connection with several business matters. This deputation was appointed by the convention of the Territorial board of trade held at Regina last summer to meet the attorney-general in connection with recommendations passed at the convention.

—Regina Standard: Although they have searched diligently for the robbers, the police have yet made but little progress in the running to earth of the two men who attempted to rob the Bank of Montreal during the early hours of yesterday morning. They have wired to officers all over the country to look out for men of the description given by Jackson, but as yet the search has been fruitless. The janitor, who was shot, is making fast progress at the hospital. The bullet did not remain in his leg but struck a bone and glanced off. The injury therefore is not serious, and a few days' rest will be all that is necessary to put him in a condition to resume his place at the bank.

—The statement is made that the management of the Canadian Pacific Railway is contemplating planting a hundred thousand seedling trees at the most suitable place in Western Canada, from which to secure timber for the purposes when the trees shall have grown to a sufficient size. It is stated that the seedlings will be secured from the Dominion experimental farms. The timber in the immediate vicinity of the Canadian Pacific Railway line in some parts of the west is being rapidly used up with the construction of new lines, and the maintenance of existing ones, hence the company's desire to supplement as far as possible the timber that will be available for the purpose in the years to come.

—At the Attorney-General's department Monday a presentation of an address and handsome office chair was made to Mr. J. K. Macdonald by the members of the staff, the occasion being Mr. Macdonald's retirement from the position of acting Deputy Attorney General which he

has held since the establishment of the Government here. The address expressed the regret of the staff at his retirement. As mentioned in a previous issue Mr. Macdonald enters into partnership with Mr. Wallbridge, one of the city's best known legal practitioners. Mr. Macdonald, though for some time absent from the city, is an old Edmonton boy and enjoys the respect and confidence of a wide circle of friends who will wish him well in the new venture.

Nelson, B. C., Jan. 8.—The Mountain Lumbermen's Association held its fifth annual meeting here today, with a large and representative attendance from all over the interior. Two delegates from Vancouver were also present. Reports read show the industry to be in a flourishing condition. Stock at mills and in territories, show that the demand for lumber will warrant a rise in prices in March price scale, but little was altered at the present meeting.
